

VIRTUAL EVENTS

SolePower

SOLE POWER STUDIOS

Sole Power Studios offers a full service live streaming facility. Located in downtown Toronto the studio offers a private and secure filming experience. Complete with professional quality lighting, multiple cameras, customized stage and backdrop options, teleprompters, and a 3D green screen. Perfect for a live or a pre recorded experience, the Sole Power Studios comes complete with everything needed to engage and entertain your virtual guests and attendees. Our experienced production and film crew will ensure the best possible virtual experience.

ENTERTAINMENT

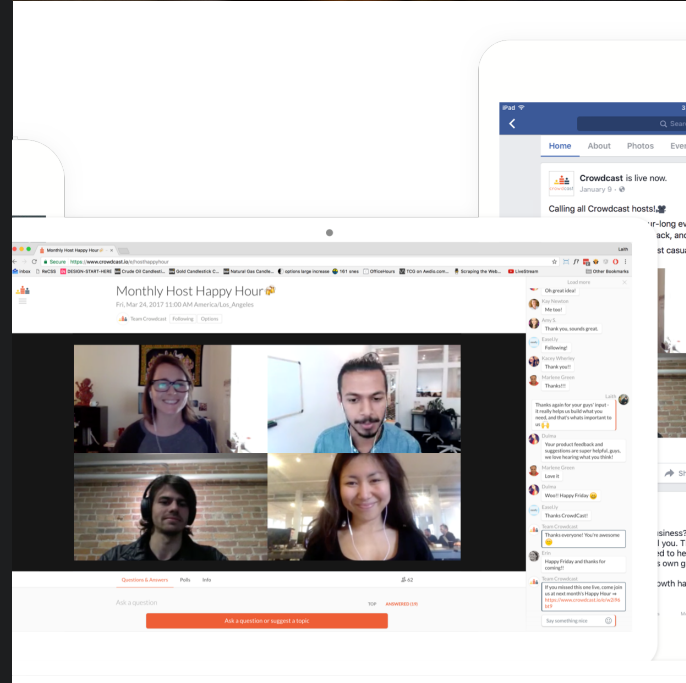

What makes Sole Power Studios different from all the rest? In addition to the state of the art facility, Sole Power has always been a leader in all things entertainment. Our goal is to help enhance any and all types of live stream, and pre recorded content with unique and engaging entertainment ideas. These ideas include Live Music, Hosts, DJs, Dance choreography and performance, unique performers, etc.

Our team of producers will work to integrate any of our entertainment options into the video program. In addition, they can develop custom team building applications to help engage with the virtual attendees.

VIRTUAL PLATFORM

Sole Power Studios offers a variety of private and secure platforms to showcase and share the client experience. This includes password protected login, data collection, and other various monitoring applications. These features will keep the Information safe, and in the hands of only those attendees which have been granted access. Live, prerecorded or a hybrid of both options are available, allowing for speakers and talent from anywhere in the world to be involved in your virtual event. These virtual participants can engage guests on all platforms including the sharing of content from their remote locations. The platform allows for digital banners, title screens, logo's, and other images that can help bring emphasis or attention where it is needed at any point during the presentation.

OUR TEAM

The Sole Power team consists of creative producers, film staff, crew, technical directors, and administration staff. Working with clients from the very start of a project allows our experts to assist with the scripting, creative, storyboarding, set design, timelines, client engagement, virtual signups, and more. Our goal is to work alongside the client to help bring any virtual event to life in the most engaging and well executed manner.
